

Product Warranty

THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, EXCEPT AS SPECIFICALLY STATED HEREIN.

The manufacturer warrants to the buyer for the period set forth below ("The Warranty Period") that our products are manufactured to meet the performance specifications as stated in our Performance Data sheet (Specifications: "Ficha Técnica Comercial"), and that our products will be free from design failures and defects in workmanship under normal use and service during The Warranty Period.

Residential Quality Warranty

The manufacturer will replace any 1st quality product purchased from the manufacturer for use in an indoor residential location that fails to meet the Specifications. The Warranty Period covers a period not exceeding 10 years for covered 1st quality product defects.

This warranty does not include removal and/or installation of the product and/or installation of the replacement product.

Use of muriatic acid (hydrochloric) on the tile will void this warranty.

Commercial Warranty

Because specific installation details, structural design and environmental conditions are beyond the control of the manufacturer we cannot warranty products commercially if used in an installation that doesn't support each products technical specifications. The manufacturer will replace any defective products FOB the manufacturer's designated distribution center, as long as the manufacturer is notified in writing of such defect within one year of installation or within 18 months of shipment of product, whichever comes first.

This warranty does not include removal and/or installation of the product and/or replacement product.

Use of muriatic acid (hydrochloric) on the tile will void this warranty.

DISCLAIMER

These warranties are provided to the original end-user only and are non-transferable. In the event the product being replaced is unavailable, the manufacturer shall have the right to replace the product with product of a similar type, quality and cost as the product being replaced.

The warranties and remedies set forth herein are limited and shall not apply to damage, deterioration or failure of the product resulting from improper storage, installation, use or maintenance, damage caused by intentional abuse, normal

wear and tear, differences in color between the product delivered and any sample or photograph or shade variations.

THE MANUFACTURER SHALL IN NO EVENT HAVE ANY OBLIGATIONS OR LIABILITIES TO BUYER OR ANY OTHER PERSON FOR LOSS OF PROFITS, LOSS OF USE OR COLLATERAL, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, WHETHER BASED ON CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, OR ANY OTHER THEORY OR FORM OF ACTION, ARISING OUT OF THE SALE, DELIVERY, USE, REPAIR OR PERFORMANCE OF THE PRODUCT, OR ANY FAILURE OR DELAY IN CONNECTION WITH ANY OF THE FOREGOING. IN NO EVENT SHALL THE LIABILITY OF THE MANUFACTURER ARISING OUT OF OR IN CONNECTION WITH THE SALE OF THE PRODUCT EXCEED THE ACTUAL AMOUNT PAID BY BUYER FOR THE PRODUCT.

THE WARRANTIES SET FORTH IN THIS DOCUMENT ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL, IMPLIED OR STATUTORY. NO IMPLIED STATUTORY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE SHALL APPLY.

Please retain the sales receipt for the products. The manufacturer will require that you present the receipt in the event of a claim in order to allow the manufacturer to verify the date and proof of purchase.

Routine Maintenance

Regular cleaning is the easiest way to keep your ceramic or porcelain tile floor looking new and beautiful. Use clean, hot water combined with a household cleaner for more aggressive cleaning, (do not use products containing ammonia, bleach, or muriatic acid) and follow these five important steps:

1. Remove dirt and soil with a broom, non-oily dust mop, or vacuum thoroughly.
2. Saturate the floor with hot water combined with a small amount of cleaning solution.
3. Let the solution sit on the floor for 5-10 minutes so the cleaner does most of the work. Clean small areas at a time as you don't want the cleaner to dry.
4. Mop up the water. Stubborn dirt and stains may be scrubbed with a nylon pad or bristle brush if necessary. Do not use harsh cleaning agents (such as steel wool pads) which can scratch or damage the surface of your tile. Be sure to test any scouring pad in a small area first before using.
5. Rinse thoroughly with clean water until all dirty wash water is removed. Rinsing is critical: dry detergent residue forms a coating that is difficult to remove and entraps dirt. Remember, prompt clean-up of spills and regular cleaning will keep your tile surfaces looking their best.
