

The Emilia Collection is the debut of our newest stone, Calacatta Bluette. Found in the Italian region of Emilia-Romagna, this stormy marble is the main attraction in these 11 new mosaics and their matching field tiles & moldings. You can find the perfect choice for any design style in this collection - classical, modern, grand, simple.

Variation in color, shade, finish, hardness, strength and slip resistance is inherent in Natural stone products. White marbles contain naturally occurring deposits of iron which may lead to discoloration of marble and turning it yellow-rust or gray if used in wet areas. These are natural characteristics of the stone and that is why it cannot be considered as a defect in the product. We are in no way responsible for discoloration of the natural stones.
